

Dodge Manual Rear-Entry

Easy-to-use is the highlight of the BraunAbility[®] Dodge Manual Rear-Entry. The new 34" wide manual ramp will easily accommodate the largest of wheelchairs. A rear-entry vehicle's low-angle ramp makes it easy to access the interior through the rear hatch. The unique design of this mobility upgrade makes it possible to use standard parking spaces when accessible parking is unavailable.

A variety of seating options can be installed to best meet your needs, based on the number of passengers you need to accommodate.

Visit your local BraunAbility dealer and start experiencing a new level of convenience today.
